

Lego2Go

How does it work?

- 1) Place an order for a set (at least 12 hours before the order is due)
- 2) The set is prepared for you.
- 3) You will get the set in a box with unsorted pieces in zip-lock bags. If you pay a sorting fee (€2), the pieces will be sorted according to the manual and placed in numbered zip-lock bags.
- 4) Keep the set for as long as you like, (€10 for the first two days + €1 per day after that)
- 5) When you want to return the set, disassemble it just enough so that it is safe for transit.
- 6) The set will be checked for missing / broken pieces after you return it. **Please make sure you do not misplace any pieces.**
